About This Game

Description

Aplestia is a light-hearted, unepic, fun, cynical and adventurous rpg with turn-based combat created by the developers of "The Deal".

Take the role of Britton, Marina, Rover and Summer; a team of four amateur adventurers that went on their first S Class mission... by mistake!

Save the townsfolk from their gruesome fate and fight the dark forces behind all the problems in the land. Be victorious, while becoming rich by finding treasure, solving mysteries, opening long-forgotten secret rooms, defeating various monsters and helping people by doing quests. Will you manage to defeat the great evil as a team of clueless, rookie adventurers? Will you find the secrets lying behind the secret doors and triumph over your enemies?

Features

- True Fullscreen mode from the Options
- Choose Window Skin from the Options
- Controller/touch/keyboard/mouse support
- FPS Synchronization option for older monitors
- Easy to learn combat system
- Colorful areas with lots of treasure and loot

Memory: 1 GB RAM

Graphics: GeForce 9100 or better (DirectX 9.0 Compatible)

DirectX: Version 9.0

Storage: 450 MB available space

Sound Card: DirectX 9.0 Compatible Sound

Additional Notes: 64bit OS only

English

Another good game by Orfeas Game Studio! This one can feel quite short, but is very fun for it's time length. It has nice music and balanced fights. The main story and quest is very simple and straightforward to follow, but there are about a dozen side-quests that can be done, and that can complicate things a bit further if you choose to do them. Since there is no quest journal, I'd advice remembering each location and house for them. It's nice for the price and worth trying out!
